

# Race Record Sheet - Fleet & Handicap racing

Date

Race Officer

Contact number(s) in case of aeries

Start Handicap H \_\_\_\_\_ M \_\_\_\_\_ S \_\_\_\_\_

Start Racing Jays H \_\_\_\_\_ M \_\_\_\_\_ S \_\_\_\_\_

Start H \_\_\_\_\_ M \_\_\_\_\_ S \_\_\_\_\_

Start H \_\_\_\_\_ M \_\_\_\_\_ S \_\_\_\_\_

If each subsequent start is simply a fixed interval from the prior start you need only enter "+3" or "+5" as appropriate. All results should be recorded as clock times or, if using the new timing clock (started when the first fleet starts) the time displayed when each boat finishes. Elapsed times will be adjusted to allow for the different start times when the results are produced. Please make careful notes of the time effect of any general recall

Please record the times of <u>all</u> laps as they are completed (record the clock time) . This is a great help when later resolving queries			Lap 1		Lap 2		Lap3		Lap 4		Finishing Time			Laps

Record as "DNF" any boats that you observe not completing the race for what ever reason e.g. outside assistance from safety boats / starting but not completing even the first lap / not doing the last lap in dying winds.

Race officers will receive average points for each race (see handbook for details). Please state what class, rig and sail number if you would like these points :-
